Interview practice for your graduating batch

Free practice for every member, and a partnership for your graduating batch

Veejay Atienza, Founder · kareera.co · October 2026

Your 4th years start interviewing soon

Most fresh grads walk into their first interview without ever having answered the questions out loud.

First rounds are spoken screens

Phone calls, video calls, and now AI pre-screens. JobStreet has rolled out AI voice pre-screening for Philippine employers.

A workshop is not enough reps

One mock interview session reaches a room. Each student needs practice on the exact role they're applying for.

Every member can start free, today

No partnership needed. Share kareera.co/auth/register in your group chat.

Free to read, no account

Every interview question and sample answer, plus the company, role and salary guides.

3 free quick mock interviews

3 questions each, plus 5 AI-graded answers, when they sign up with a school email (.edu or .edu.ph).

Refer friends, earn more

3 more graded answers for each friend who starts practicing, and a free mock interview when a friend upgrades.

Meet the AI mock interviewer

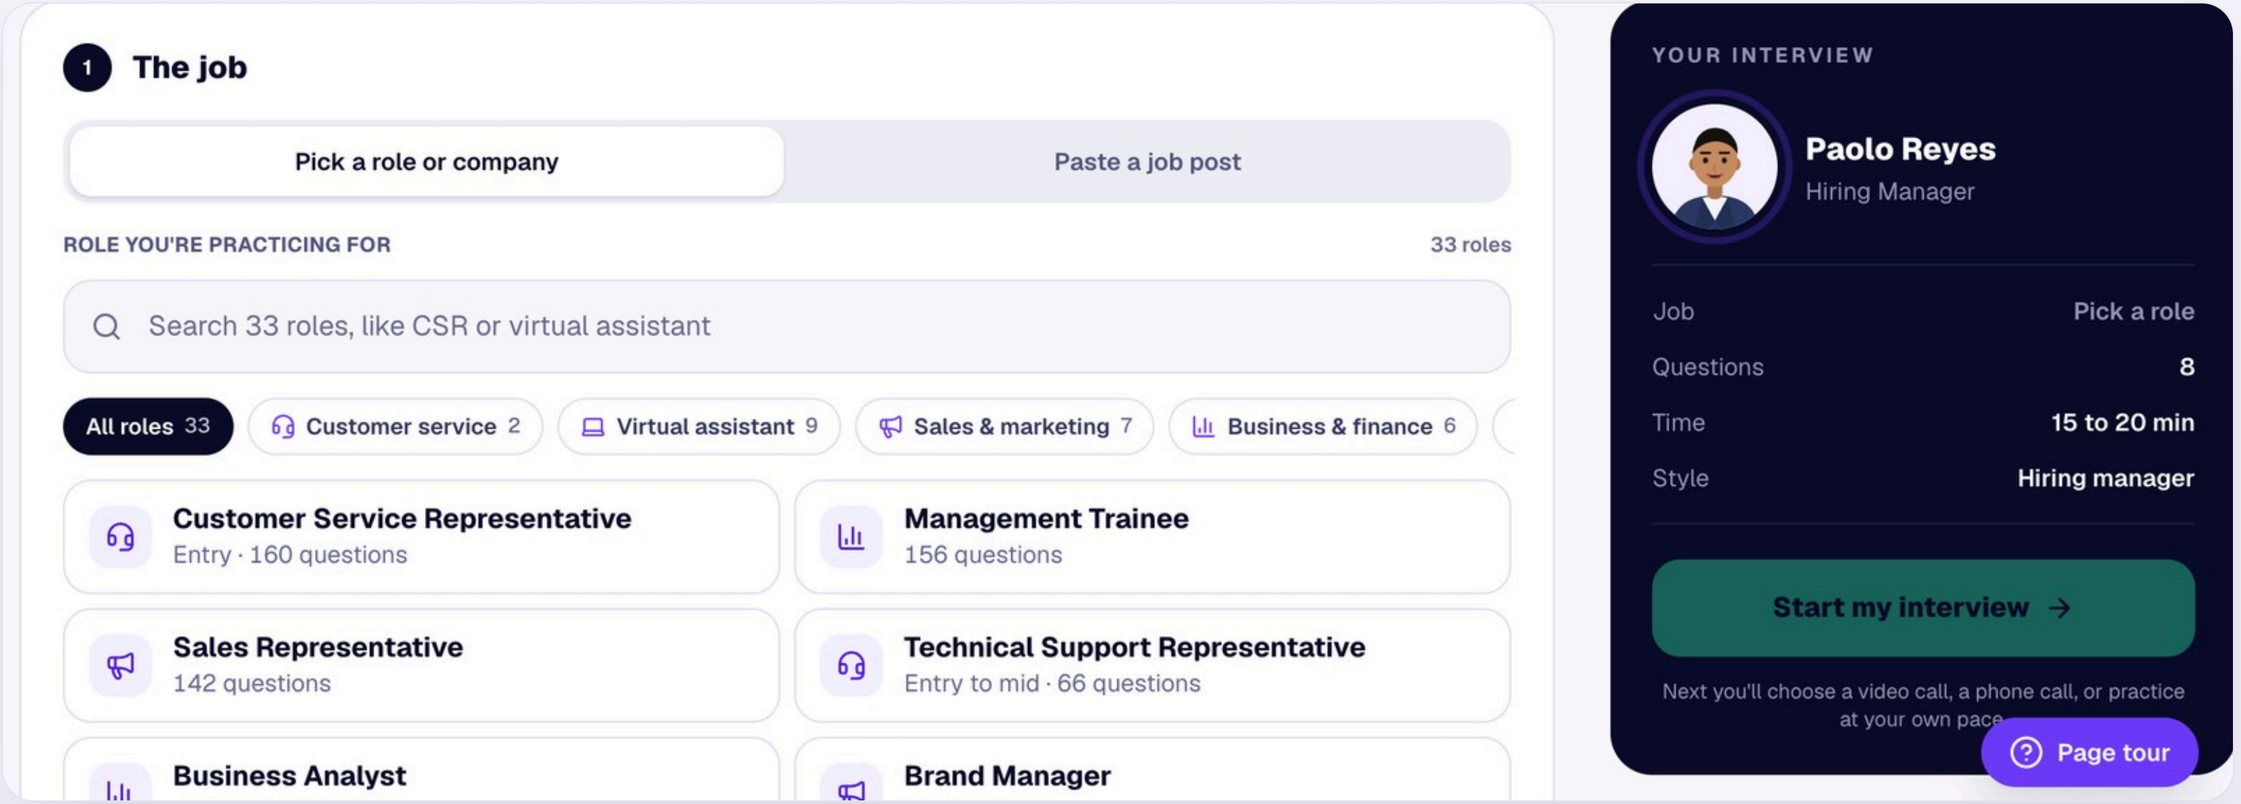

A live interview with an AI that asks what Philippine employers really ask, and follows up when an answer is thin.

- Pace and eye contact tracked on video calls
- Camera checks run in the browser, never recorded
- 15 to 20 minutes for a full 8-question interview

Built around the job they want

Pick a role, then a company if they have one in mind. The interviewer asks about that job and that company by name.

33 roles, built for fresh grads

Works for any job

Or just paste the job description

The interviewer reads the post and builds the whole interview around that exact job, even if it's not on our list.

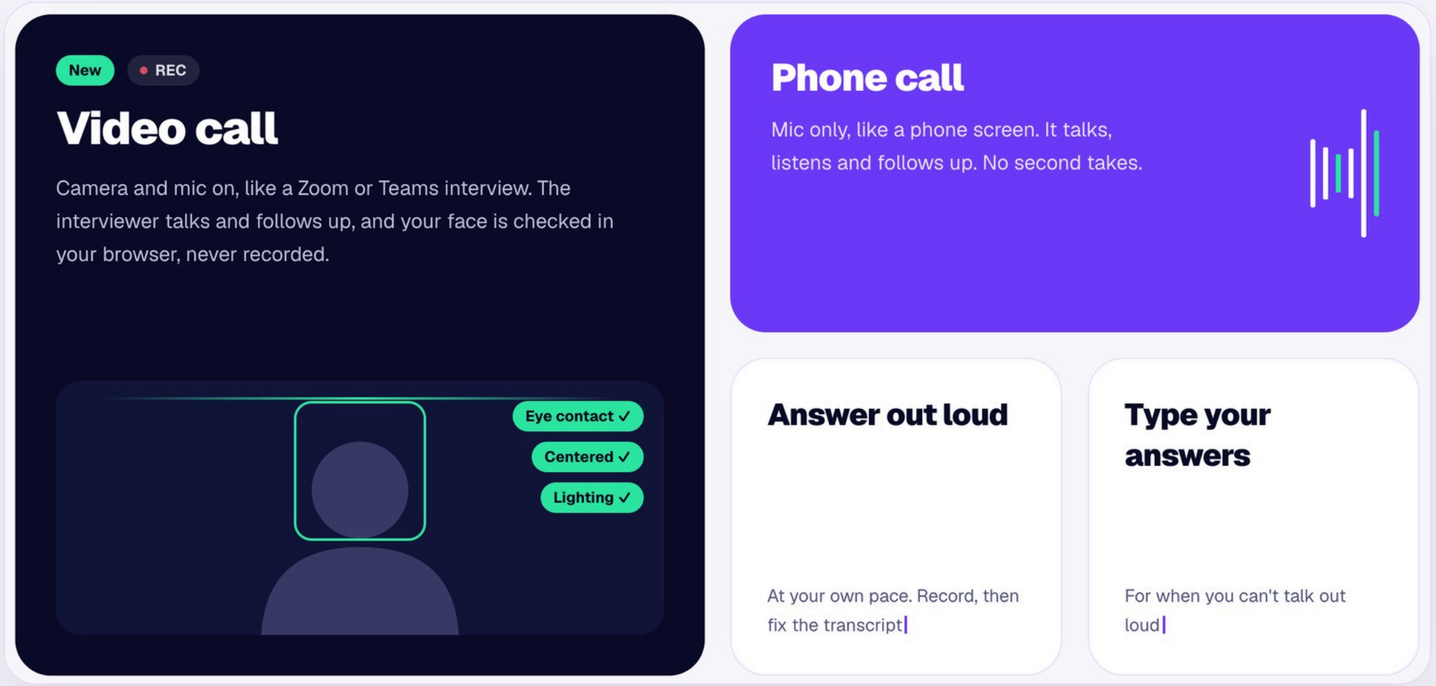

Add a resume and it asks about their own experience too.

Four ways to interview

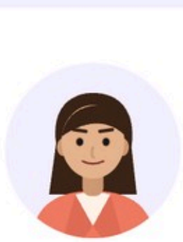

A video call like Zoom or Teams, a phone screen, or at their own pace by voice or typing.

Same questions and the same graded feedback at the end.

Three interviewers, three levels

Start easy with a recruiter's first screen. Finish with an operations manager who wants proof and numbers.

Mia Santos
Recruiter

"Take your time. There's no wrong answer to this one."

A warm first screen. Good for nerves.

Paolo Reyes
Hiring Manager

"Can you walk me through a specific example?"

Professional. Digs in when an answer is thin.

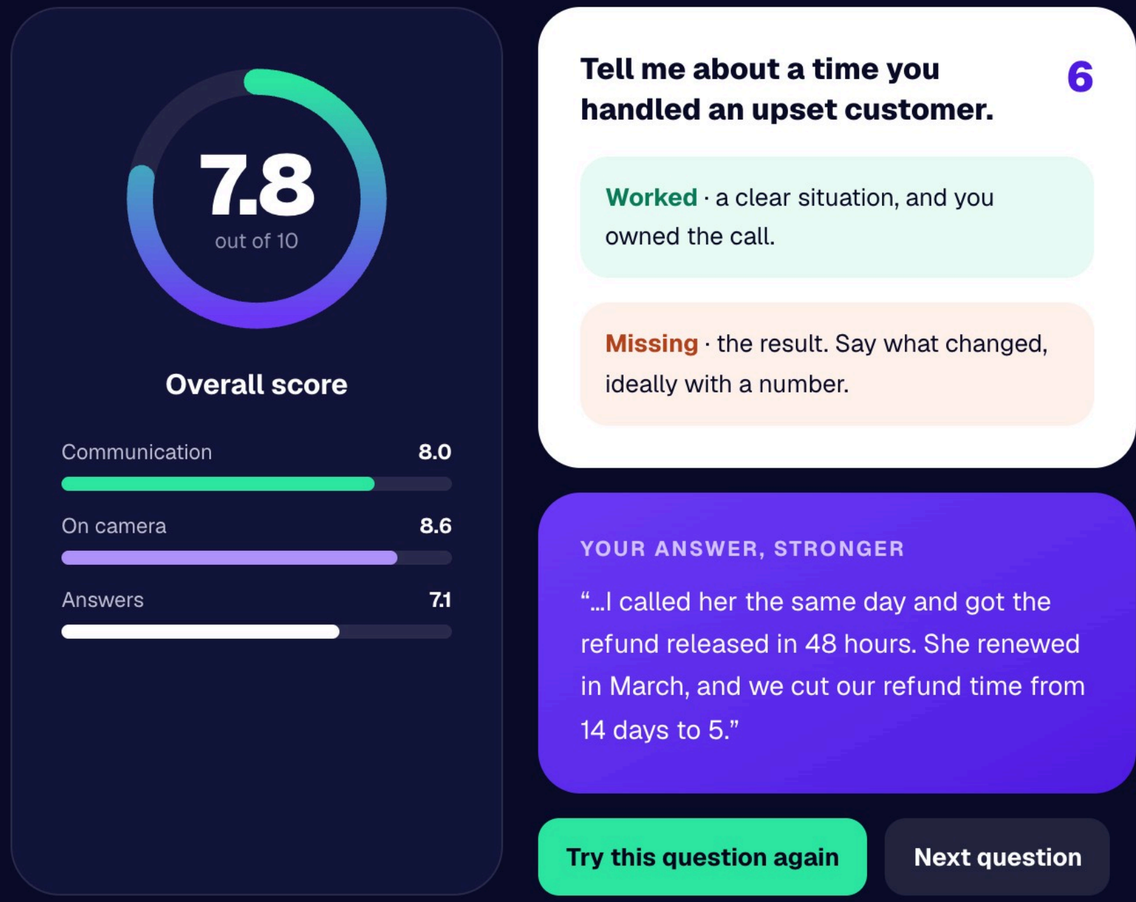

Carmela Cruz
Operations Manager

"What was the number? How much did it improve?"

The tough final round. Wants proof.

See exactly where they lost points

- An overall score, split into communication, on camera and answers
- What worked and what was missing, question by question
- A stronger version of their own answer
- Retry the question and watch the score move

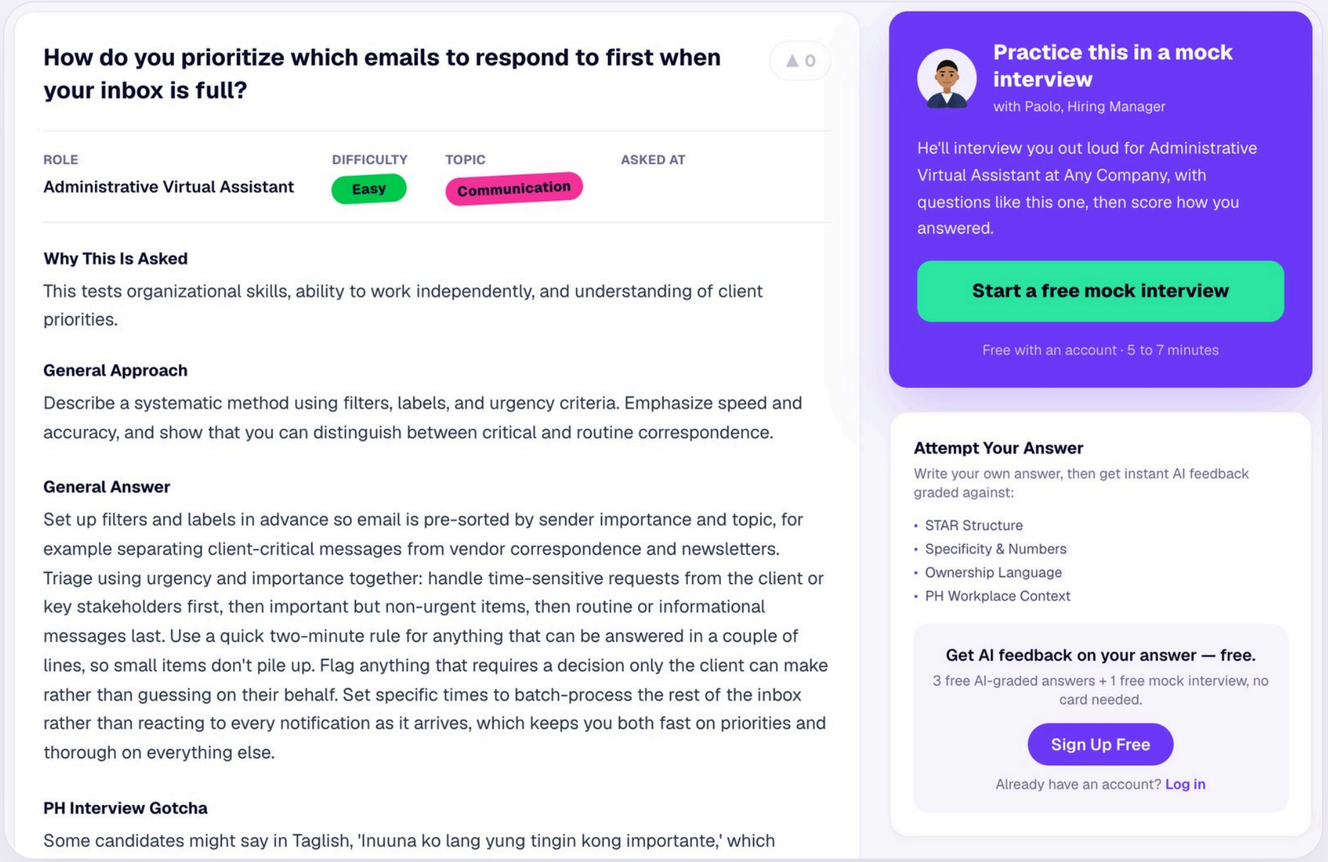

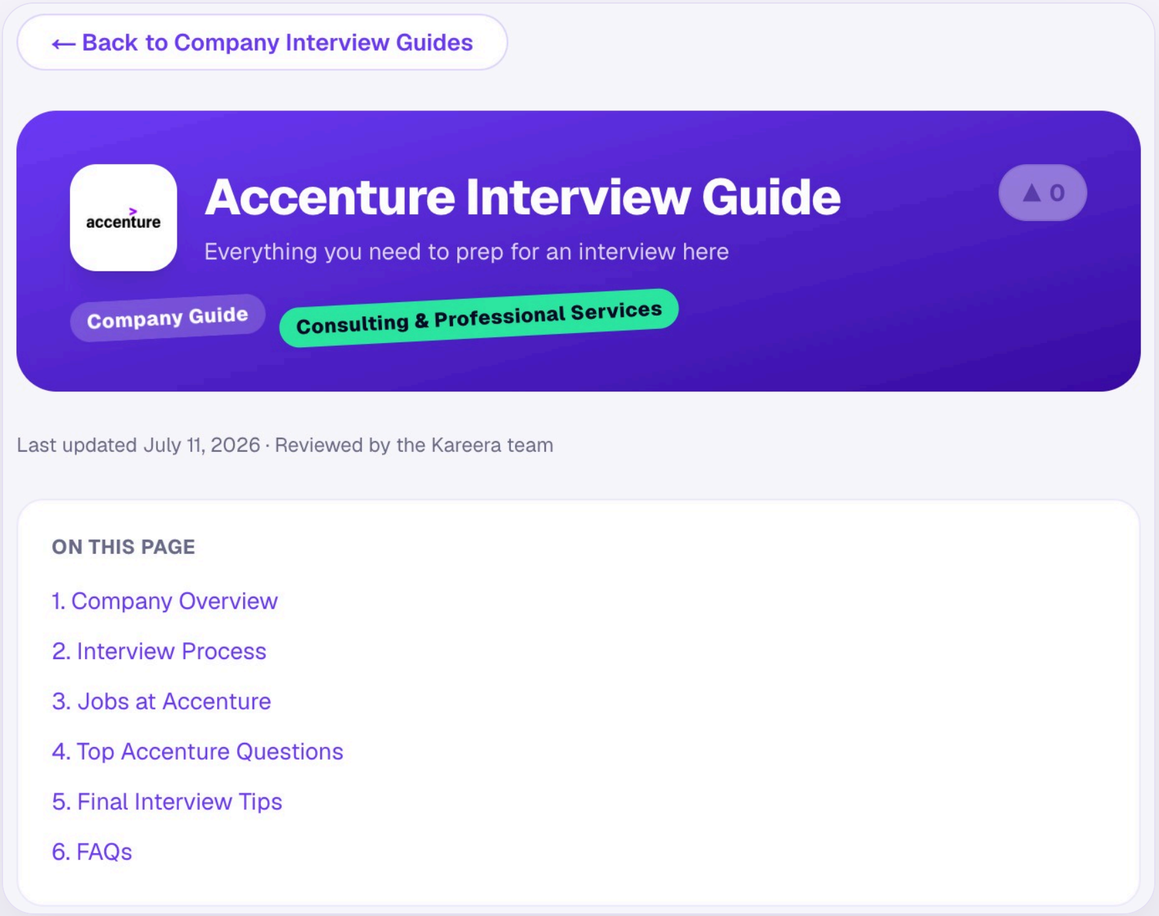

1,880+

real interview questions

Each one shows why it's asked, how to approach it, a sample answer and a Philippine workplace gotcha.

Students can type an answer for AI feedback, or practice it out loud in a mock interview.

Company and role guides

100+ company guides

33 role guides

The interview process, top questions and final-round tips for employers like Accenture, Unilever, GCash, JPMorgan Chase and San Miguel.

Tools for the rest of the job hunt

Resume grader

An honest grade for Philippine hiring, plus a rewrite of their weakest bullet

Cover letter generator

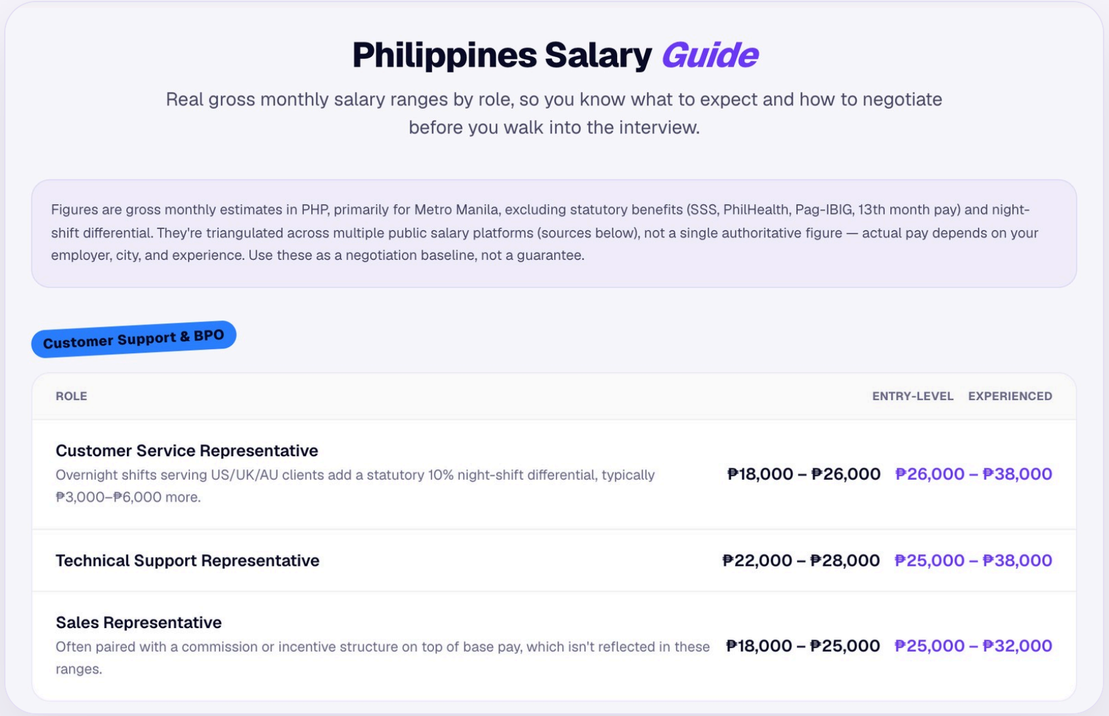

A first draft written for the specific job post

Red-flag scanner

Paste a job listing and see warning signs before applying

Salary guide and job board

Monthly pay ranges by role, and live openings linked to interview prep

Going further: free mock interviews for your 4th years

20

full mock interviews per member

or

40

quick ones, over 30 days

Each member gets a free Kareera account with 40 interview credits, plus every other tool on the site. No cost to your org or your members.

A simple partnership agreement

What your org gets

Free accounts for your 4th years

We agree on the number of accounts with your officers, based on the size of your graduating batch.

What we ask in return

- Honest reviews and testimonials from your members, to help us improve the app
- Use of your org's logo on our website as an official partner

How we set it up

1. We agree on the number of accounts with your officers, and send you one code and claim link for your org.
2. Members sign up with their school email (.edu.ph, .edu or other school-issued addresses) and claim the code. Their 30 days start the moment they claim.
3. They practice for their real interviews, then share an honest review of what worked and what didn't.

Members can claim whenever they're ready, so their 30 days line up with their own interviews.

Let's get your 4th years ready

Reply to set up your partnership, or book a quick demo for your officers.
